### GOOD-BYE TO 419-421

after spending years. During that time we've been favored and honored in furnishing Richmond's most prominent homes, the Capitol, the leading hotels, and other public institutions. What has caused all this? Confidence and responsibility of advertising. Long ago we fixed our standard—EVERYTHING AS ADVERTISED; GOODS AS PROMISED; NO MISREPRESENTATION. Ofttimes response to advertised specials is so great that quantities thought to be ample are sold far before time expected. But always we meet the situation with goods of even better quality for price advertised. It costs money and courage to do this; but we do not let them prevent our living up to our word, and as a result we have gained our customers' confidence. Let nothing keep you away to-morrow. Look for great green banners in front.

### PETITION IN JUDGE EMBREY'S BEHALF

Fredericksburg Lawyers Want Him to Be Commonwealth's Attorney.

(Special to The Times-Dispatch.)  
 FREDERICKSBURG, VA., February 6.—A committee of lawyers and citizens, headed by Mr. St. George B. Fitzhugh, presented to Judge John T. Goelrick today a petition requesting the appointment of Judge A. T. Embrey to fill the vacancy in the office of Commonwealth's Attorney of this city. Mr. Fitzhugh in presenting the petition, made a brief speech, in which he spoke of the importance of the office, and eulogized Judge Embrey. Judge Goelrick accepted the petition and stated that he would give it his careful consideration. The appointment of Commonwealth's Attorney will be announced on Thursday at the opening of the regular term of the Corporation Court. A petition has heretofore been presented on behalf of Mr. Granville L. Swift. The only two names mentioned in connection with the office are those of Judge Embrey and Mr. Swift. The Mary Washington Hospital Association has elected the following officers for the ensuing year: Mrs. John B. Mason, president; Miss Virginia S. Knox and Mrs. Charles E. Tackett, vice-presidents; Mrs. L. C. Bowman,

secretary; Mrs. Maurice Hirsch, treasurer.

### NEWS OF AMELIA.

Dr. Southall Will Return for Practice of Profession.

(Special to The Times-Dispatch.)  
 AMELIA COURTHOUSE, VA., February 6.—Dr. Charles O. Burruss, of Fredericksburg, and more recently from South Carolina, arrived here this morning, and will practice medicine, making his office here.

Dr. P. T. Southall, who for several years has been assistant physician at the Eastern State Hospital at Williamsburg, has determined to return to Amelia, and will also practice medicine here.  
 Messrs. W. W. Barnes & Co., enterprising farmers and real estate dealers here, have just sold an immense lot of timber, estimated at twenty-three million feet, and standing on about 2,100 acres of land near Durham, N. C. The purchase was made by parties from Ohio. Mr. Barnes, who spent a week looking over the timber, says it is magnificent. There are trees 150 feet high and 22 feet in circumference, and some of them will cut 5,000 to 6,000 feet of lumber, and some acres will cut 60,000 feet. Seventy-five thousand dollars was the price paid for the timber.  
 Messrs. R. H. Branch and Wood Vaughan arrived here in the driving storm about 9 o'clock last night, bringing in a negro prisoner who had been sent to jail for abusing and ill treating his wife.  
 Mr. David Hindle, of Illinois, who

bought the place formerly belonging to General Bradley T. Johnson, is moving in. A car of his goods is being unloaded to-day. It contains two very fine horses and a pair of splendid mules. Mr. Hindle expects to improve the place and follow stock raising, having been successful in that business in the West.

### CUT OFF FOREFINGER.

Mr. W. G. Thompson Seem With Painful Accident at Sawmill.

(Special to The Times-Dispatch.)  
 URBANNA, A., February 6.—Mr. W. G. Thompson, residing at this place, an employee of the Excelsior Mill, located here, met with a painful accident while feeding one of the saws this morning, which necessitated the amputation of the forefinger of his right hand, and it is probable that he will lose another injured finger. Mr. Thompson's hand was caught in the machine and badly mangled. Dr. Charles Christian, of Urbanna, rendered the needed medical attention.

### Scott's Oldest Resident.

(Special to The Times-Dispatch.)  
 GATE CITY, VA., February 6.—Mrs. Elizabeth Hill, the oldest person in Scott county, died the latter part of last week at Hill Station. She is believed to have been a hundred years old, although the record shows her to have been born in 1800. She was the widow of Solomon Hill, who died many years ago. Her descendants number in the hundreds. For many years she was a member of the Methodist Episcopal Church, South, and exerted a great influence for the betterment and upbuilding of the community in which her long life was spent.

### HAVE MORE FAITH IN THE GROUND-HOG

People of Orange Put Him Above Washington Weather Bureau.

(Special to The Times-Dispatch.)  
 LAHORE, VA., February 6.—Changeable weather gives rise to varied work. The plowboy of yesterday is the ice and woodman of to-day. The weather bureau fades into insignificance with people here compared with his hogship, who cast a gloom over farmers with his shadow Saturday.  
 Farm work is well up for the season; plowing and fencing in many places done. The subject of general talk and of more interest than any engaging the voters in this county for years, is the election next Saturday to decide the Madison District macadamized road building. The district proposes to borrow \$25,000 to build twenty-five miles of road, with the rest of the county endorsing the bonds. Nothing can be more uncertain than the result, though many of the largest tax-payers are warmly in favor of the project.  
 Grip and whooping cough prevails in this county, and doctors are kept busy. The ventilation of the assessment showings by The Times-Dispatch has enlightened and enlivened all classes here, and men everywhere are clamoring for

"equal rights to all, special privileges to none."

Hands are leaving for railroad and mining work, and there is tendency to constant advance in the price of labor, with decreased returns from its employment.  
 Dr. R. Marvin Harris, a leading member of the Tomahawk Hunt and progressive dentist of Orange, broke his thumb in a fall on the last chase.  
 Dr. Robert Frazer, of Richmond, Monday visited his sister, Mrs. G. T. Tivill, who is recovering from a severe attack of grip.

Miss Mary Frazer, of Cluippe, is on a visit to her old home here this week.  
 Attorney Lee J. Graves, of Spotsylvania, was through this section on legal business this week. He is indeed a hustler and fine business man.  
 Snow fell to a depth of eight inches last night, and blankets the wheat and grass from the intense cold this morning.

The card club is having a real feast of late. Fine suppers, good cigars and little cold, anti-toxin unite in the large enjoyment. The noted champions—Cassidy, Jackson and Woolfolk against Reynolds, Terrell and Frazer—are evenly matched, and fight hard for honors.  
 Candidates for commissioner of revenue are coming to the front, and William S. Frazer is in the field for the next Legislature.

### MAY BUILD RAILROAD.

Engineer Investigating Conditions in Northern Neck.  
 WARSAW, VA., February 6.—J. E. Wallace, engineer representing the banking and brokerage firm of E. Clarence Jones, of New York City, is making a trip through the Northern Neck, getting

data about the amount of freight handled in Northern Neck and also ascertaining what proportion of freight would go to a railroad providing one was built through this section. As soon as Mr. Wallace completes his trip he will submit his figures to the company, who will then determine whether or not they will build a railroad through the Northern Neck. Mr. Wallace expresses himself as greatly pleased with the information which he has so far gathered.

### This Lady Voted for Bryan.

(Special to The Times-Dispatch.)  
 GATE CITY, VA., February 6.—Mrs. Bettie Horton, of Speer's Ferry, Va., is visiting friends in Gate City. She is the only woman in Scott county who ever voted in a presidential election. She lived in Idaho in 1900 and cast her ballot for William J. Bryan.

### MAYFLOWER AND COLUMBIA

AT MARDI GRAS CARNIVAL  
 NEW ORLEANS, February 6.—President Roosevelt's yacht, the Mayflower, arrived here to-day. She will be followed by the cruiser Columbia. Both vessels are to participate in the carnival festivities.

### Richmonders in New York.

NEW YORK, February 6.—The following Richmond people were registered at New York hotels to-day:  
 Westminsters—C. S. Hook, Bartoldi—Rev. G. Hannigan, Grand—L. A. Coulter, W. Perlestein, C. L. Maas, Imperial—J. Kaufman, L. G. Chazy, Netherlands—M. E. Marcuse, Wellington—L. I. Strouse, York—W. A. Green, R. Bell and wife, Canepa, Broadway Central—C. P. Sauer, New Amsterdam—H. O. Williams, Marlborough—Mrs. S. D. Cook.

### GOVERNOR MAGOON ON CUBAN ARMY

Prescribes Organization and Quotes Law—Editorial Hint at Trouble.

HAVANA, February 6.—Governor Magoon has issued a decree prescribing the organization of the new Cuban army, after quoting the law of September 15, 1906, providing for the increase of the rural guard to 10,000 men, and the artillery to 2,000 men, the decree declares that all able-bodied male citizens between twenty-one and forty-five years of age shall constitute the national forces which shall consist of a permanent army and a force of militia. The latter is liable only in case of emergency.  
 The armed forces are to be under the sole authority of the executive for the suppression of ladronism, insurrection, illegal gatherings, breaches of the peace, and other violations of the law.  
 The discussion, in an editorial article on this decree, says:  
 "The whole country will be surprised by an order written in the hand of a foreign governor, establishing in Cuba compulsory military service. No one can hope that the plan announced for the increase and reorganization of the rural guard will fail to tend to the militarization of our country. From to-day all Cubans must be soldiers."
